the 10th of December.

Dear, Andrew

Thank you for your letter. It was great to hear you again after ~~such a long time~~ a long time. ~~I have been~~ I really have ~~not~~ written sooner. I have been busy with my exams.

So I think english and russian languages the most difficult subjects in my school, because you must learned many different rules.

Probably, As for me I need three, maybe four or five hours for my homework. If I have a test I should spend more time for my work.

As for me I like listen to music or watch TV in my spend time.

I hope to hear a letter from you very soon.

Best wishes,

Ann
